(c) Consider and assist Chapters with issues peculiar to the State of Georgia. (d) Coordinate activities in the state of Georgia.

In my final year as your State Representative, this was a year that under normal circumstances would be unfathomable, however, this is The Georgia State Organization and where others are ordinary, we are extraordinary. Once again, I am elated about the progress and accomplishments of the brothers and chapters in our great state. When others shut down during the pandemic, our brothers stepped up. When others said we can't do that, our brothers said, how can we do more? In our efforts to do more, The State Organization of Georgia, our chapters and our brothers went above and beyond the call of duty and when you put out that type of effort, you get recognized, and again, although awards are not our goals, but I am happy to report that of 10 Major award categories, the 7th District won 9 awards and of that 9 the State of Georgia won 5 of those. Again, we maintained a financial membership of over 2500 brothers, and depending on whose numbers you look at, over 3,000 brothers financial at some level. 2021-22 will forever be remembered as a year of **VICTORY Part II!!!** In the Great State of Georgia, we were able to accomplish much, highlighted by the following:

Thank you, one final time, Brothers of the Great State of Georgia, for allowing me the opportunity to lead you. As we close out this administration's reign and reflect on the past three years, there was good, bad, and ugly, but the good prevailed. We met the challenges that arose face-to-face and conquered them. We answered the calls for help and assisted our families, friends, and communities in achieving much. We took advantage of the opportunities to get back out and we safely fellowshiped with one another reaffirming the fact that Friendship is Essential to the Soul. As I pass the baton to the 19th State Representative, there are a few items of unfinished business that we must help him complete. The midterm elections on the state and national levels are upon us, we must take the lead in helping our communities overcome the obstacles that have been placed in front of us by certain sectors of our state legislation. As we have begun, we must continue to beat the streets and reach our brothers of color and get them to the polls. Black Men Vote needs to be our battle cry from now until Election Day. Beyond that we need to try to convince our people to be Super Voters, meaning they should vote every time the polls open. I again implore each of you my brothers, to first and foremost, maintain safety for yourselves and your families. Secondly, reach out to brothers on a frequent basis, just checking on them. Virtual friendship and fellowship are better than none at all. Lastly, as we continue to do the work of Omega, proceed with CARE (Commitment, Accountability, Responsibility & Excellence), May God bless each of you, and may God bless The Omega Psi Phi Fraternity, Inc.

Remember: If you do anything in Omega Psi Phi Fraternity, Inc. and friendship is not considered, then you are doing it all wrong!!!!

Email: dheardlaw@aol.com

Cell: (404) 392-6203

Greetings Brothers. I come to you and salute you in the name of our Supreme Basileus. This year and last year has been challenging with the opening up after Covid. Should we wear mask or should we not wear mask? Should the event be in person or via zoom? Although there has been some in person events in State of Georgia, we are still doing some events via Zoom. We will continue to follow and be guided by our cardinal principles of Manhood, Scholarship, Perseverance, and Uplift.

What was going on 2021- 2022?

We still need to be diligent in policing up our chapters, our chapter brothers, and Omega. We need to make sure we are operating our foundations properly. In regards to your Special Event Checklist, I am not included in the chain of submission which allows me to have no information on the status of SEC. However, I am diligent about reaching to District Counselor Arnold Gaines to inquire when contacted by the brotherhood.

The issues that we have addressed this year have been:

1. Hazing allegations
2. Social Media policies and violations
3. Cease and Desist (non-financial and financial Brothers)
-including Cease and Desist to venues and events
4. Leadership Training and presentations

Continue to work for the brotherhood

Continue to be accessible to the brotherhood

Continue to be vigilant in protection the brand

Region Representatives Mission:

To foster better communication between the chapters and to serve as a liaison between the state representative and the chapters in my region. To provide aid when needed to any chapter when it concerns Omega Psi Phi business.

Region 1 Highlights

Greetings Brothers!

I am honored to be selected as the Region I Representative upon Bro. George Fishburne's departure. I have learned a lot though not without challenges. Despite the learning curve, chapters in Region I persevered to submit all state reports by the deadline. Most chapters are back to meeting face to face and a sense of normalcy is amongst the brotherhood. We achieved the initial goal of 100% state reporting; however, there is more work to be done to improve Omega's efficiency between the undergraduate and graduate chapters. I look forward to the task, and I am confident that we will see significant improvement.

I contend that several chapters including **Eta Omega, Kappa Alpha Alpha, TAU, and Mu Mu Mu** conducted the work of Omega with excellence. Through their diligence and leadership, *'Region I'* is well represented at the graduate level. As Social Action continues to be a focus of Omega, most chapters focused on the voter mobilization, rescue efforts, health initiatives and awarding scholarships. This effort involved partnering with other chapters as well as other organizations in the community with the same focus. With students returning to school, the need for scholarships were priority. The top chapter awarded \$40,000 in scholarships followed by \$30,000 as the next highest award. Mandated programs continue to be Omega's guide, and I was ecstatic to see the efforts put forth despite the lingering challenges of COVID.

The undergraduate chapters continue to work toward meeting the standard set forth by our founder's. With education being priority, PSI, Kappa Kappa, and Beta Psi chapters were able to navigate to COVID to have another successful academic year upheld through service on and off campus. The creativity and enthusiasm of young brothers emphasize the need for continuous mentoring to undergraduate chapters. They are the lifeline of our fraternity, and with consistent leadership and partnering, Omega will continue to be leaders throughout the world.

Region 1 Chapters:

<u>Chapters Graduate Chapters</u>	<u>Undergraduate Chapter</u>
Eta Omega-----	Pi Delta Delta (<i>Emory</i>)
Kappa Alpha Alpha-----	Psi (<i>Morehouse</i>)
Phi Kappa Kappa-----	Zeta Theta (<i>Georgia State</i>)
Tau-----	Beta Psi (<i>CAU</i>)
Mu Mu Mu-----	Kappa Kappa (<i>West GA</i>)

Region 1 Goals and Objectives for Fiscal Year 2021 -2022:

- Ω To achieve 100%-chapter participation as it relates to **TIMELY** and **QUALITY REPORTING**.
- Ω Ensure that chapters upgrade their respective virtual meeting and return to face-to-face activity/events when possible.
- Ω Ensure that all chapters are actively engaged in promoting our Fraternity's mandated programs either virtually or in person.
- Ω Engage undergraduate chapters through relationship building which happens when graduate and undergraduate chapters commit to service efforts together and provide adequate training where needed.
- Ω Visit each chapter at least twice per quarter, once face to face and once virtual.

Recommendations/Comments/Best Practices

- Ω Facilitate the consistent and efficient use of the online folder protocol for the delivery of reports and other sensitive/important documentation that will be shared between the Region 1 Representative and all related chapters.
- Ω Conduct training sessions for chapter officers in relation to improve chapter efficiency in both reporting and chapter operations.
- Ω Encourage graduate chapters to actively seek building better relationships with undergraduate chapters.
- Ω Assist chapters in the development of social justice endeavors that address related judicial equity and addresses other social justice shortcomings.

Dates of Committee Meetings:

- Ω The AW committee conducted /participated in many zoom meetings and conference calls throughout the quarter. The bulk of the meetings were affiliated with comprehensive reviews of each of the 10 AW award submissions from the 7th District. One-to-two-hour meetings were held at least once weekly in an attempt the fine tune and optimize each of the Form 77s
- Ω The Community and Civic Affairs, VREM, Social Actions, and NAACP committees have been working diligently with organizations around the state in an effort to galvanize our collective efforts geared toward the mid-term elections.
- Ω We were in attendance of all scheduled Georgia State committee meetings on the June 15th and July 13th. We attended the Form 77 Seventh District training on July, 31, and will conduct our own Form 77 scoring training on Aug, 1.

Recommendations/Comments:

The Committee has identified some areas of emphasis and areas for improvement and modification for the 2021-2022 year.

- Ω **Achievement Week:** The all-inclusive and repetitive training and focus on the execution of all mandated programs; in addition to the expansive chapter and individual community service and uplift yielded unparalleled and very competitive submission of form 77's. Grading is conducting by the Region Representatives with each Rep grading three other regions. (ie. Region 1 grades regions 2, 3, and 4, whereas region 2 grades 3, 4, and 5) The result of the work from the chapters and brothers across the state resulted in the state of Georgia being recognized as the winner of **5 of 10 awards announced at the 83rd International Grand Conclave**. We must execute our plan to focus on improving the participation and quality of our undergraduate brothers and chapters in all programs. This effort involves working closely with chapter advisors. We certainly have a target on our backs relative to our success on the achievement week awards. Continue living our creed and the rest will take care of itself.
- Ω We will continue training of chapters and brothers throughout the State via whatever medium possible and as often as necessary. The goal is to improve consistency across the State and to increase the level of competitiveness of the State of Georgia winners at the District and International level. Specifically, we will focus on increasing the undergraduate participation. The training will be conducted by the District and State Chairman and other individual as designated.
- Ω **Community and Civic Affairs:** Continue the collaborative effort to streamline our individual efforts associated with program awareness and execution with each of the sub-committees. It is important for us to embrace the political actions and community initiatives centered around the mid-term elections.
- Ω Continue to solicit feedback from the body for improvements to the State of Georgia Community and Civic Affairs and Achievement Week Committee
- Ω **Select Undergraduate representative to serve on the committee ASAP.**

Committee scheduling bi-weekly zoom calls until execution. Additionally, pushed the "Be the Match initiative to all chapters.

Recommendations/Comments/Best Practices

1. There is a significant blood shortage. All chapters are tasked with working with the local Red Cross, or other local organizations, to put on blood drives. Some chapters are receiving monetary donations for signing up individuals to get their blood drawn.
2. The District M&H Chair has tasked Georgia with HIV education programs. Brother Will Daugherty provided a program Brother's may be interested in which target high school students.
3. There are no SEC forms required for virtual M&H events.
4. I need a list of all M&H chairs that want to volunteer to assist the District at the District Meeting. Bros don't want to miss out on this opportunity.
5. At this point, we are still waiting on the State to make a decision on whether we will have a M&H showcase at the State meeting.
6. Finally, attached is the M&H reporting form. This form is to be submitted after each event by the committee chair. Please submit your reports for the 1st quarter upon receipt.
7. Region Reps, please make sure your chapters are represented on the committee calls. I created this distro list based on the information reported to Bro 1st Vice from the Chapters
8. Committee continues planning for Ga State Meeting in Oct with expectation of holding health fair or symposium. As of 28 July, we have obtained services of Chiropractor, Massage Therapist
9. Partnered with African American Male Wellness agency to co-sponsor a 5K run/walk 22 Sep 2022 in Atlanta, Georgia. Delta Mu Mu will serve as host chapter. This partnership continues to do well. Worked with Mr. Dobbins to promote the Wellness 5K by allowing him space at the Atlanta area Omega Psi Phi Fraternity, Inc. Metro Atlanta Basketball Tournament.
10. Bro Darrel Crawford briefed the "Be the Match" promoting bone marrow donor. The committee will promote this initiative as it provides chapters with source of income for registering potential candidates for bone marrow donations.
11. Additionally, tasked by State 1st Vice to draft a medical directory for the State of Georgia to be distributed at State Meeting.

Recommendations/Comments

- Ω Strongly encourage chapters to utilize NAACP line- item sheet when submitting annual report
- Ω Ensure that all committee members' chapters submit quality timely reports
- Ω Strongly encourage undergraduate chapters to report
- Ω Increase reporting chapters
- Ω The State Organization should consider developing a playbook that outlines the steps in forming a partnership with the local NAACP and develop specific program(s) with the NAACP. Most, if not all, of the work across chapters is done on an ad-hoc, unstructured nature. This dilutes the broader efforts. Omega should instead develop prescriptive and descriptive measures and initiatives we can go to market within partnership with the NAACP, thus greatly amplifying the brand of both and cementing the partnership.
- Ω Expand the national Memorandum of Understanding (MOU) with the NAACP with the specifics on how to obtain an at-large membership for Omega chapters.
- Ω Painfully, this is not structured in any way and there is no set price. Different chapters tend to have to pay different amounts, or depending on your area,
- Ω NAACP chapters either don't offer or realize there is a national MOU in place.
- Ω Neither organization's website does an adequate job of explaining the process, positioning it, and laying out the steps, thereby the spirit of the MOU is lost.
- Ω Consider a forum or schedule of forums with NAACP leadership across the state to help establish an agenda. Again, too many of the initiatives are ad-hoc in nature, and often last minute, so we are missing out on the impact. These forums can be the springboard to leverage thought leadership among both organizations.
